### OBJECTIVE

Dedicated to delivering bug-free, high-performing software, I aim to join a reputable organization as an SQA Engineer, where I can utilize my experience in test case design, manual testing, and bug tracking to contribute to software quality and continuous improvement.

### EXPERIENCE

#### Software Quality Assurance, *United Pharma*

June 2024 – Present

- Performing manual testing of web applications to ensure quality and functionality.
- Designing and executing test cases based on project requirements.
- Identifying, documenting, and tracking bugs using tools such as JIRA.
- Collaborating closely with development teams to resolve issues and verify fixes.
- Participating in QA planning, test execution, and reporting.
- Ensuring bug-free and high-performing software delivery.

#### Internee, *ISPR*

01/2025 – 02/2025

Observed organizational workflows and IT processes in a professional environment.

Rawalpindi

#### Freelancing, *As a SQA Engineer (Remote Work)*

06/2023 – 07/2024

- Performing manual testing of web applications to ensure quality and functionality.
- Identifying, documenting, and tracking bugs using standardized tool (JIRA)
- Collaborating with developers to resolve issues and verify fixes.
- Participating in QA planning, test execution, and reporting.

### EDUCATION

#### Bachelor of Science in Computer Science - CGPA: 3.39,

08/2020 – 07/2024

*City University of Science & Information Technology*
